

DRIVE LUXURY, ALWAYS.

For years we have pioneered and specialised in effect and mood lighting. Now we bring to you our newest product yet--*Fiber optic starlights* for your cars and SUV's. Our goal is to let our customers dream luxury while they drive and make every trip a memorable one. Our units are fully synced with your IOS and Android devices, so you can change the colours to match your mood or the pace of your music, make it twinkle or strobe, or just enjoy the old school fading. Sit back, relax and enjoy the drive.

Let every night be a starry one with ***Zoom Starlights***.

Each unit is installed with perfection and skill, every pattern is unique according to your liking, be it a galaxy, Milkyway or dispersed stars, we can create it.

All systems include:

- 3m fiber optic cable**
- 350 individual fiber tips**
- 1 LED light unit**
- Mobile App**
- 2 year warranty**
- Complete installation for all vehicles**
